SCHUBERT BEAT! THE BOARD TO IT

Requested State Board of Health to Comply with the Law Prior to Resolution

WERE NOT CONSULTED

Local Board Had to Depend on Newspapers for Their Information; Urged Sound Inquiry

Following the publication this morning of a resolution passed by the La Crosse board of health, requesting the state board of health to make an investigation of the location of the proposed new well system as to hygienic and sanitary conditions, A. H. Schubert, city attorney, on behalf of the administration today comes to bat with correspondence showing that a similar request was made by him, acting for the city, some ten days ago.

The resolution of the local board of health, addressed to the state board, cites the state law (Sec. 3, Chap. 423, Laws of 1905), making it the duty of the board to examine and certify as to the sanitary and hygienic conditions.

Information Inaccurate.

The presumption that this law would not be complied with was doubtless based upon the fact that, following the publication some two months ago of a statement by the state railroad commission to the effect that the state board of health would make a supplementary investigation of the proposed well location, a Madison dispatch published in local papers declared that the board of health would limit its investigation to an analysis of water furnished from the well sunk by the commission. As the law required a personal survey, the local health authorities probably took this story at its face value, and their action conveys their conviction that the subject is worth of thorough attention as provided by statute.

For some reason the local board of health, it is said, has never been consulted by the other city authorities having to do with the water works problem, and therefore its members, when they passed the resolution Monday night, were not aware that Mr. Schubert had, very recently, asked the state board to comply with the law.

State Board Replies.

Under date of Feb. 1, Mr. Schubert received from the state railroad commission a letter, in response to his own, saying the matter would be taken up at once with the state board of health, and under date of Feb. 2 he received from Dr. C. A. Harper, secretary of the state board, a letter saying that an expert would be sent to La Crosse to make the necessary examination. Dr. Harper's letter follows:

"Madison, Feb. 2nd, 1912.
"Mr. A. H. Schubert,
"La Crosse, Wis.
"Dear Sir:—Your communication of the 30th inst. states that upon the plans and specifications based upon the order of the Railroad Rate Commission for a new water supply for the city of La Crosse are now on file in the office of the board of public works of the city of La Crosse.

"Section 3, Chapter 423, Laws of 1905, requires the State Board of Health to examine into such plans and issue its order concerning the same.

"We therefore ask you to give us a certified copy of the general plans of your proposed water system to be examined in this office and go on record here. We trust that you will forward these at our earliest convenience when the board will take action and as soon as the weather conditions will enable an inspector to go over the field we will send such a man to make a general survey of the situation.

"The heavy snow in the country prevents to a considerable extent the efficient examination of the water shed.

"Let us know when you propose to call for bids on the contract and we will endeavor to issue our recommendations prior to that time.

"If the contract is to be let very soon we will send a man immediately so as not to delay the work.

"Yours very truly,
"C. A. HARPER,
"Secretary."

Committee Acts.

Mr. Schubert added that the special water committee, over a month ago, took action looking to securing the proper action on the part of the state board of health.

What Law Provides

The law to which reference is made, as quoted in the resolution, provides that before any city or village shall institute a water system or system for water supply for the domestic use of its inhabitants, or a system of sewage for the disposition of sewage, such city or village shall submit to the State Board of Health the plans and specifications of such system, and both of the water system and the sewage system if a sewage system exists or is proposed, and

Aviation a Cure For Race Suicide

WASHINGTON, Feb. 7.—Aviation as a remedy for race suicide was the novel theory advanced here by Prof. Anatole Le Braz, eminent French literature, in a lecture before the Alliance Francaise.

"The birth rate of France is not declining," he said, "and I believe aviation has had a great deal to do with it, as it has a happy mental effect on the nation, and is developing heroic men. It is really the soul of the New French nation."

The Frenchman said he had only the best words and highest praise for American women, declaring they should vote.

COLONEL QUOTES LINCOLN'S VIEWS

Roosevelt Expresses His Views on Public Questions by Reading War President's Words

STATEMENT IS OF NO USE

One Passage of Lincoln's He Quotes Says Public Speeches Are Expression of His Intentions

NEW YORK, Feb. 7.—Referring to the famous war president as a "progressive with the bridle on," Colonel Roosevelt today pointed out extracts from speeches and letters of President Lincoln which he said had a peculiar significance in their application to his own position at present.

The colonel assembled the newspaper men in the main office of the Outlook and remarked: "This is first class in applied decent politics."

"You have noticed young gentlemen," he said, "that on frequent occasions I have told you I had nothing to say for publication. I want to read you the following from a letter written by Mr. Lincoln in 1860 to C. F. McNeill:

"I have made this explanation to you as a friend; but I wish no explanation made to our enemies. What they want is a squabble and a fuss, and they can have it if we explain and they cannot have it if we don't."

The colonel then read from a letter written by Lincoln to G. D. Prentice, October 29, 1860. It follows, in part:

Statement No Use

"Your suggestion that I, in a certain event, shall write a letter, setting forth my conservative views and intentions, is certainly a very worthy one. But would it do any good? If I were to labor a month I could not express my conservative views and intentions more clearly and strongly than they are expressed in my many speeches already in print and before the public. If what I have already said has failed to convince you, no repetition would convince you."

Capital and Labor

In reference to capital and labor, Roosevelt quoted Lincoln as follows: "Capital has its rights, which are as worthy of protection as any other rights. Nor is it to be denied that there is, and probably always will be, a relation between capital and labor, producing mutual benefits."

Another paragraph read: "Nor should this lead to a war upon property, or the owners of property. Property is the fruit of labor; property is desirable; it is a positive good in the world. That some should be rich, and hence in just encouragement to industry and enterprise."

TRAIN IS HELD UP

VAIN ATTEMPT MADE BY MASKED ROBBERS TO BLOW EXPRESS SAFE; SECURE BUT LITTLE BOOTY

MEMPHIS, Tenn., Feb. 7.—For the second time within the past two months Rock Island train No. 43 was held up by bandits early today near Hurlburt, Ark. Seven men were in the party which attacked the train this morning, but they secured only one package of registered mail. Two men boarded the train at the railroad crossing beyond the bridge just outside of Hurlburt and three more swung aboard at the levee a little further on. Two attempts were made to dynamite the safe in the express car. Both failed. Two heavy charges were exploded, but the safe was merely turned over on its side, and the express car badly damaged.

TO TAXPAYERS

Do you know how to figure out your income tax?
If you do not, read the double-column editorial on page three of this issue. It will make some important features plain.

INFORMATION ON INCOME TAX SENT

Assessor Keizer Will Send Blanks to All Citizens of La Crosse and Monroe Counties

FINES TO FOLLOW EVASION

Failure to Return Blanks Punishable by Double Rate; Making Out List

"If your income exceeds your exemptions be sure that you have submitted a complete report of both to the income tax assessor before April 1." This is the warning given today by Income Tax Assessor J. E. Keizer, who was appointed last week.

According to Mr. Keizer, who assumed his duties yesterday, information blanks will be sent to all the people of La Crosse and Monroe counties within the next month. These blanks are to be filled out with the information demanded which will then be a complete statement of the person's income and exemptions. The blanks are then to be returned to the income tax assessor in an accompanying envelope.

Punish by Fine

Failure to return the blanks with desired information will result in double rates and punishment by fine. False statements will be punished by double rates on the difference between the true amount of taxable income and that amount given on the blank and may be punished by fine. Not only that but in case a person does not receive an information blank, he or she must make a voluntary statement to the tax commissioner before April 1, or be subject to double rates and fine.

The blanks when filled out and returned will be inspected by the income tax assessor and also by a board of review and any statements which are not thought to be true will be investigated.

Making Out List

Mr. Keizer is today making out a list of persons who will come under the new income tax law, from the personal property tax list. That the blanks will be sent out between now and March 1 is the declaration of Mr. Keizer. In future years the blanks must be returned before March 1. Owing to the necessity for a second examination in a number of Wisconsin cities it was postponed for one month this year.

After May 1 the work of assessing the real estate and personal property of both counties will be taken up by Mr. Keizer.

MORE GROUND FOR NORMAL SCHOOL

Tom Morris Fathers Resolution to Spend \$21,000 to Buy Land for New Dormitories

Lieutenant Governor Thomas Morris introduced a resolution at the meeting of the state board of normal regents at Madison today calling for an appropriation of \$21,000 for additional grounds for the La Crosse normal school. It is understood that this includes buildings for dormitories for the accommodation of out of town students.

It became known today that it has long been planned to construct a large dormitory building on the normal grounds. There are about 385 students at the big institution and the larger part of them come from out of town. It is for the accommodation of these students that the plans are being made. Just where the new buildings will be placed and when the work of construction will begin is not definitely known but it is probable that the foundations will be laid this spring. It will be necessary to purchase grounds for the site of the proposed buildings as the present building occupies nearly all of the available land.

F. A. Cotton, president of the La Crosse Normal school, attended the meeting in Madison today, for the purpose of presenting several matters before the board. Additional teachers for all the state normals were asked at the meeting today.

YODER FOR WHITEWATER

MADISON, Wis., Feb. 7.—The state board of normal school regents in session here today probably will elect A. H. Yoder, who is connected with the school of philanthropy in New York, president of the state normal school at Whitewater to succeed the late Albert Salisbury.

BOYER TO WED A MINNESOTA GIRL

Announcement has been made of the marriage of J. William Boyer of this city and Miss Pearl V. Bartlett of Brainerd, Minn., at Brainerd on Friday, February 9. They will reside at 1301 Market street after February 21.

Disciple of Wallingford Victimizes Ohio Town

MANSFIELD, Ohio, Feb. 7.—Fascinating stories of quick fortunes to be won in rubber and the additional lure of an opportunity to buy their automobile tires at cost has parted citizens of Mansfield and surrounding towns from \$200,000, and clogged the Richland county courts with a mass of litigation that will require months to clear up. Chief actor in this drama is Charles H. Walters, industrial promoter, who dropped into Mansfield less than three years ago, painted a brilliant picture of the city's future as a rubber manufacturing center and induced hard headed business men to contribute \$200,000 toward the execution of the work he outlined.

TO ARREST ALL AT SAME TIME

Arrests on Conspiracy Indictments Next Week; All to Be Seized at Once

ARRAIGNMENT ON MARCH 12

Labor Leaders Indicted Will Plead in Indianapolis; No Resistance Expected

INDIANAPOLIS, Ind., Feb. 7.—Arrests of persons indicted by the federal government for reputed connection with the alleged dynamiting conspiracy are not expected before next week by the government officials.

United States District Attorney Charles W. Miller, in charge of the investigation, said today that it would be several days before the federal attaches have completed the preparation of capias which will accompany copies of the indictments to the cities in which the alleged conspirators live. It is planned to make no arrests until all the indicted persons can be seized. Simultaneous arrests in all parts of the United States are then expected.

Formal pleas will be entered in the federal court here by the indicted men on March 12.

Expect No Resistance

Government officials anticipate that the defendants named in the indictments will make little effort to resist removal from their districts to Indianapolis. Should any of the defendants demand a hearing before a United States commissioner or a federal judge on the right of the government to remove him from his district, the only question to be decided will be the question of identity.

"COAL OIL JOHNNY" DIES

WARREN, Pa., Feb. 7.—Andrew Ludlow, 51, one time millionaire and known as the "Coal Oil Johnny" of Warren county, because of the similarity between his picturesque career and Venango county's "Coal Oil Johnny," John W. Steel, is dead at his home here. The oil boom in Pennsylvania brought Ludlow a million dollars when seventeen years of age. He spent the money in a short time for "fun" but also made many prodigious gifts to the poor of his acquaintances during the heyday of his prosperity.

ACCUSED MAN RELEASED.

NEW YORK, Feb. 7.—Charles M. Dickinson, the young stenographer arrested by the police charged with having set the infernal machine which killed Mrs. Grace Taylor in her apartment on Seventy-seventh street, Saturday night, was today discharged by Coroner Feinberg.

M'GOWAN DENIES DETECTIVE'S TALE

Denies He Made Admission to Bailey that He Perjured Himself at the First Trial

WASHINGTON, Feb. 7.—Charles McGowan, who was "roped" by Burns' Detective A. C. Bailey, today denied in detail every charge made against him by the detective, swearing before the Lorimer committee that he told nothing but the truth in his previous examination.

The witness admitted meeting Mr. Bailey at Regina, Saskatchewan, and at Toronto, and of going on fishing and hunting trips with him, but denied emphatically every statement made by Bailey to the effect that he had "perjured himself" in the interests of the Hines people.

McGowan swore that he never told Bailey that William Burgess "told the truth" when Burgess declared on a train in Minnesota that C. J. Wiehe had boasted of contributing to a fund to "put Lorimer over." McGowan declared Burgess never made such a statement.

WISCONSIN STILL STICKS TO BOB

Supporters of Senator in the State Unwilling to Believe in His Elimination

DO NOT LIKE ROOSEVELT

The Wisconsin Progressive Leaders Do Not Think the Colonel Will Be Able to Carry State

MILWAUKEE, Wis., Feb. 7.—With Senator La Follette declared by many to be out of the progressive republican presidential candidacy race and hundreds of his former followers flocking to the Roosevelt standard, La Follette's Wisconsin allies are unwilling to believe he will be eliminated and almost unanimously refuse to be enthusiastic about the Roosevelt idea.

The contention by La Follette's home state progressive supporters elicited by a thorough poll in all districts of Wisconsin on record here today expresses sentiment favoring continuance in the race by the progressive leader even though he take a rest for several weeks now. Roosevelt in the consensus of opinion would be unable to carry the state.

The letter announcing the withdrawal of La Follette given out by his campaign manager, Walter L. Houser, at Washington is not a subject of clear interpretation, according to Governor Francis E. McGovern and a score of progressive republican leaders today.

"I have read the Houser letter," declared Governor McGovern, "but I cannot undertake to interpret it. I have no other information except that contained in the letter and since whatever news it contains is of a nature so entirely unexpected, I am unable to make a statement."

State Senator John J. Blaine, president of the La Follette Republican club and Wisconsin manager of the senator's campaign, sees a reactionary victory if the support of the La Follette forces are turned to Roosevelt.

"I do not think Senator La Follette will withdraw," said Blaine. "Should he do so, Roosevelt would not be able to carry Wisconsin. The withdrawal of Senator La Follette would mean the renomination of President Taft, for Roosevelt could not carry enough states to defeat him."

"In my opinion, the La Follette organization in Wisconsin could not be transformed into a Roosevelt organization."

KAISER OPENS RED REICHSTAG

Emperor of Germany Urges Legislative Body to Increase Army and Navy Force

BERLIN, Feb. 7.—With all the socialists absent, Emperor William today opened the "red" reichstag in person with a plea for an increase in Germany's land and sea forces. The ceremony took place in the white marble hall of the imperial palace. Only 287 representatives were present, the other 110 members being socialists.

The kaiser made no reference to the government's defeat at the polls. He referred to the friendliness existing between Germany and all the powers and declared that it was his purpose to promote peace both at home and abroad.

Following the kaiser's address, the members returned to the reichstag where the socialists were awaiting them. In accordance with customs, the body was called to order by the oldest member. This honor fell to Albert Treger, aged 82, a member of the people's progressive party.

CANADA IRISH INTERESTED

WINNIPEG, Man., Feb. 7.—Intense interest in the home rule situation at Belfast, Ireland, has been aroused here and in other western Canadian cities following the elaborate preparations by the British government to prevent an outbreak between the home rulers and Orangemen. The Knights of Columbus and the Ulster and Orange lodges have arranged for special bulletin service from Belfast tomorrow night to keep their members informed of events.

ROOSEVELT CANDIDACY TO BE ANNOUNCED BY THE PROGRESSIVES SOON

PROF. DENOYER TO SEEK JUDGESHIP

Normal School Professor Will Run for Circuit Judge on Socialist Ticket

NOMINATED AS CANDIDATE

Candidates for Judge Requested to Exclude Names of Lawyers from Primary Papers

Professor L. P. Denoyer of the La Crosse Normal school, was nominated as a candidate for the office of circuit judge of the Sixth judicial district on the social democratic ticket, at a meeting of the local branch of that party last night.

Professor Denoyer when questioned in regard to a rumor to the effect that he would not make the run, today declared that he had not sought the nomination and would make no statement as to whether he would resign the nomination or not at the present time. He will be considered as the social democratic nominee until he resigns, if he should decide to do so.

A resolution was adopted at the meeting opposing the signing of nominating papers for circuit judges by lawyers. This action is said to have been caused by the petition circulated by Attorney A. C. Wolfe recently among the La Crosse lawyers for the nomination of Judge E. C. Higbee as a candidate for re-election on the republican ticket. The petition was signed by most of the lawyers.

Whereas, La Crosse county has for years had a government of the lawyers, by the lawyers for the lawyers, and

Whereas, lawyers as a class are dependent for their success upon the judge's charges and his guidance of juries, and

Whereas, regardless of the cry of certain reactionary interests, judges are common human beings, subject to the same emotions and weakness of other human beings who naturally show favor to friend and fight to foe, and

Whereas, the signing of nominating papers by lawyers or refusal to sign may prejudice cases before a judge.

Therefore, be it resolved, that the social democratic party request that candidates for judgeship exclude the names of lawyers from primary papers.

A committee was also appointed to reply to Judge Higbee's answer to the socialists' charges of partiality on the part of the La Crosse jury commissioners, in selecting jurymen. This committee, it is declared, will also submit evidence backing their charge that the commissioners have shown discrimination against the laboring class and that the last jury was drawn illegally.

A committee was appointed to draw up a judicial platform.

The local branch went on record as favoring woman suffrage and endorsed a resolution to work for the passing of the referendum vote on woman suffrage to be held in Wisconsin next fall.

OROZCO WANTS RULE

MEXICAN GENERAL SAID TO P CONTEMPLATING STARTING A REVOLUTION FOR HIMSELF

WASHINGTON, Feb. 7.—While awaiting further word from the state department before moving any of the troops now held in readiness to advance on the Mexican border, the war department today kept a close watch on the movements of General Orozco, leader of the Modernist forces at Chihuahua reported by Colonel Steever, U. S. A., command at El Paso, to be the possible head of a new revolution in Chihuahua. Should a Orozco uprising commence, federal officials admit the Mexican situation would be more serious than ever before.

Colonel Refuses to Be Quoted; Announcement to Be Made by the Progressives

WANT STATEMENT OF VIEWS

Progressives Demand that Colonel Make Public His Stand on Their Principles

NEW YORK, Feb. 7.—Colonel Roosevelt's candidacy for the republican presidential nomination will be publicly announced in the very near future. Just as the announcement of the withdrawal of Senator La Follette as the active candidate of the progressives was not made by the senator in person, but by his friends, the statement that Roosevelt will accept if nominated will come from the leaders affiliated with the republican progressive movement.

This action is to be taken as the result of a series of conferences, which have been in progress here since Sunday. Attending have been George L. Record, leader of the progressives in New Jersey; Gifford Pinchot, former forester; Amos Pinchot, Governor Johnson of California; former United States Senator Beveridge, and Medill McCormick, who led the La Follette forces in Illinois until the senator's breakdown.

Conference Satisfactory
These men have been in constant communication with Roosevelt. Matters had so far progressed that yesterday afternoon McCormick held an extended conference with Roosevelt and the result of that conference was communicated to the conference today. That the outcome was satisfactory seems plain from their attitude, although none of these men were willing to be quoted.

It developed that the first thing done was to ask Roosevelt for an assurance that he would accept the republican nomination. "If drafted by the convention," This action was necessary, it was explained, if the progressives were to go ahead with their organization and line up delegates for Roosevelt.

"We could not take a chance on making our fight and then having the colonel come out about two weeks before the convention and upset our plans by saying he would not under any circumstances accept the nomination," explained one of the leaders.

Want T. R.'s Views
This matter was expected today to be satisfactorily adjusted so that the announcement that the colonel will accept, might be made by the progressives shortly. He himself will positively refuse to be quoted publicly as to his candidacy. The conferees are now endeavoring to have Roosevelt make a public statement outlining just what things he stands for in the progressive way. This, it is also said, he will probably do. At least he has signified a willingness to meet the progressive leaders and discuss such a statement and how far it should go.

The necessity for this public declaration (Continued on Page 6, col. 3)

SPORTING
:: NEWS ::MADISON GAME
IS IMPORTANTContest Saturday Crucial
Test in Local High's
Fight for the State
Championship

One of the crucial games of the season for the high school basketball team is scheduled for Saturday evening when they meet the fast Madison high school quintet in a battle which will undoubtedly have an important bearing on the local's chances for the state championship. Neither team has as yet met defeat although both have played some of the best five in the state which contests have tested their ability thoroughly. In order to accommodate the large crowd that will want to see the contest the game will be played in the normal school gymnasium.

Because of the importance attached to the outcome of the game the local team has been practicing hard for some time and they are now in the best of condition to put up their best battle. All the men are playing their positions in faultless style and the teamwork has been such that effective work has been done. Offensively as well as defensively La Crosse has been playing a game which will make it a difficult task for the capital city boys to beat them as their work in scoring field goals has been accurate while the guards have been keeping the opposing forwards from doing much scoring.

It is probable that the locals will present the same lineup as they have used in the past with Captain Stavrum and Strum playing the forward positions, either Chamberlain or Welles at center, and Hayes and Jungbluth at guard. This is a combination which should be a winner and there is every indication that they will be able to beat Madison when they play them Saturday.

Madison's five has also shown up well in the games played this season and a means of comparison of the strength of the two fives can be obtained by glancing at the scores made by each against the Baraboo five. While La Crosse beat Baraboo on their own floor by six points and allowed them but five field goals, the Madison team could down them by but a narrow margin playing at Madison.

In this way the locals appear to have the advantage over the capital city boys although there is no doubt but that the game will be close and interesting. Madison defeated the Fond du Lac high by the score of 32 to 18, while they also beat the Beloit high school by a decisive score, indicating that they have an excellent quintet.

Madison will line up as follows: Forwards, Lewis and Kesenick; center, Casserly; guards, Hoffman and Davies.

PACKEY SHOWS WELL
IN BURNS FIGHT

NEW YORK, Feb. 7.—That Packey McFarland, the Chicago Stock Yards champion, can more than hold his own against any man in the lightweight limit again, was the confident statement today of New York sporting writers who witnessed his bout last night with "Kid" Burns. McFarland had the better of every round, keeping Burns at sea all the time with his scientific boxing. Burns showed considerable rugged strength and kept boring in, closing up one of Packey's eyes with a staggering right.

McFarland weighed in for the bout at 136 pounds, according to the statement made by the club officials, but looked heavier. At that, he was drawn and there was considerable doubt in the minds of many fight fans if he could take off more flesh and be able to meet so rugged a fighter as Ad Wolgast.

McFarland showed that he lacked a knockout punch, for a dozen times he had openings where a stronger man could have disposed of his opponent.

PURDUE WINS FROM

LAFAYETTE, Ind., Feb. 7.—Purdue's crack basketball five is on equal terms with Wisconsin today in the big eighth championship basketball tournament as the result of their victory over the Illinois five last night. Both Purdue and Wisconsin have won five games and lost none. The Illinois players were easily disposed of by a score of 28 to 14.

ON NEW RULESWisconsin Coach Thinks
New Football Regula-
tions Mark Return to
Rough Game

MADISON, Wis., Feb. 7. — That the changes wrought by the football rules committee are reactionary and that weight, rushing and roughing again have come into their own as the dominant part of the college pastime to replace skill and agility which have characterized the playing of the last few years, is the opinion of Coach John R. Richards of the University of Wisconsin.

Coach Richards declares the changes were made at the suggestion of big Eastern universities to minimize the chances of the smaller colleges winning over their heavier adversaries. He said:

"The change giving four downs in which to gain ten yards necessarily emphasizes the plunging play that will net an average of two to three yards on each down. Open play will not receive the attention of the teams that are heavy and rugged. The removal of restrictions on the forward pass on the goal line was not brought about to encourage open play, but to keep the defense open and back at this point so that a 'slam-bang' game could be used for scoring.

"The killing of onside kicks will do away with the chances that a clever kicking and recovering team heretofore has had and will enable the bigger and slower backs to do work in open which once required speed, agility, brains and courage. The reduction in the size of the field can be commended by no one only in so far as it lessens the distance for a plunging team to reach the goal by ten yards. The change in the value of a touchdown will make that a favorite method of scoring and discount other ways heretofore used.

"The changes in rules are of no distinct benefit to any but the big universities. Football is not a sport devised for a few big colleges and the little fellows have a right to ask for a game that gives them a chance to win at times. The small college team will not be such a thorn in the side of the big one next year and that is what some colleges have demanded ever since the new style of play was established. It is what the East calls a 'safer and saner' style of play."

BENEFIT GAME FOR DOYLE.
CHICAGO, Feb. 7.—Friends of Jimmy Doyle, the Cubs' third baseman, who died at Syracuse, N. Y., last week after an operation for appendicitis, are laying plans today for a benefit game to be played early this season, the proceeds to go to Doyle's widow and child. According to Charles Williams, secretary of the club, Doyle's family is left in rather straitened circumstances.

EGAN AND GRANT TO
WRESTLE AT GENOA

Young Egan of La Crosse and Young Grant of Prairie du Chien will meet tomorrow night in a wrestling match at Genoa, Wis., to decide the question of the championship between these two men.

Both Egan and Grant are welter-weight wrestlers who weigh 152 pounds and are clever men on the mat. Excellent work has been done by each of them in their matches previous to this one, so an interesting bout is looked forward to at Genoa tomorrow. Young Egan is determined to win the championship from Grant and he has been working hard to accomplish this.

MARVIN HART IS
ALSO A COMEBACK

CHICAGO, Feb. 7.—The "come back" division in pugilistic ranks has all other classes of fighters backed out of the ropes by force of numbers hereabouts. Fight fans were startled today by the announcement from Louisville, Ky., that Marvin Hart, whose star faded almost beyond the memory of present fans, is planning to re-enter the game. Marvin has provided himself with a manager and all that's necessary now is to secure a match. With Battling Nelson, Hugo Kelly and Billy Papke all signed for appearance in the near future, the old timers' campaign is in full swing.

BILLIARD MATCH
IS SOCIAL EVENT

NEW YORK, Feb. 7.—"Society" with a capital "S" will be present in the grand ball room of the Hotel Astor tonight to witness the championship 18.2 balk line match between Willie Hoppe, title holder, and George Sutton, of Chicago, the challenger. Hoppe is a slight favorite in the betting. Sutton, however, has a host of followers.

Papke's announcement says he will "try out" against Frank Mantell at Sacramento, Feb. 22.

your age, whether you are
young or elderly, no matter
what early indiscretion may
have sapped your courage, if I
resupply you with new VI-
TALITY I give you the
strength that all healthy, vi-
gorous men possess. I know
the source of this VITAL SUPPLY.
My HEALTH BELT, with suspen-
sory attachment, pours a great
stream of VITALITY into your sys-
tem hour after hour all night while
you sleep. Thousands have said it
immediately benefits and takes the
pain and weakness out of the back
from one night's use. No drugs, no
medicines, no restrictions of any
sort excepting that all dissipation
must cease. The man who indulges
excesses and unnatural practices can
never be other than a weakling, but
if you promise me as man to man
that you will be decent, take ordi-
nary care of your health and then
use my HEALTH BELT every night
for 60 to 90 days, I should then be
able to do in your case exactly what
all these other thousands of men
have said I did for them. Please
write for my booklet today. Never
mind about purchasing a Health Belt
now; first get into communication
with me, read what my book says,
then later, if we decide between us
that you should have a Belt, and if
you decide that you want to use it,
I will arrange for you to have one
to wear until you are cured. My
Health Belt is the greatest vitality
the world has ever known. With
special attachments it is a remedy
for kidney, liver, stomach, bladder
disorders, rheumatism, etc.

A Boston Reproof

A well known educator tells of a
school of advanced ideas in Boston
wherein no pupil is ever punished in
any way, the individuality of every
child being held too sacred for re-
pression.

One day, it appears, soon after her
entrance into this school, one little
girl came home with a face wet with
tears and her mouth covered with
blood.

The mother was greatly alarmed,
and, taking the child into her arms,
asked what had happened.

The story of what had happened
was sobbed out to the sympathetic
mother. One Sammy Parker, it seem-
ed, had struck the little girl and
knocked out a couple of teeth.

When the unfortunate youngster
had been restored to equanimity, her
father, who had in the meantime put
in an appearance, naturally enough
wanted to know how the teacher had
dealt with Sammy.

"She didn't do anything."
"Well, what did she say?"
"She called Sammy to her desk
and said: 'Samuel, don't you know
that was very anti-social?'"—Har-
per's Magazine.

Superstitious

A man dining at a cafe observed
that, though he had ordered one doz-
en oysters, he was served with only
eleven. The next evening the same
thing occurred again. Then the diner
became somewhat irritated.

"Why," he demanded of the wait-
er, "do you serve me only eleven oys-
ters when I ordered a dozen?"
The waiter bowed apologetically.
"I didn't think you'd want to be sit-
ting thirteen at table, sir."—Pitts-
burg Chronicle-Telegraph.

HOW TO FIGURE YOUR OWN INCOME TAX

Convinced by our own experience that such an analysis of the in-
come tax law as will afford a complete understanding of its many provi-
sions requires more time than a majority of taxpayers can afford to give
it, The Tribune herewith attempts to answer a few of the questions that
most frequently arise. As a basis for this discussion we lay down the
following propositions:

Your income tax is not IN ADDITION TO YOUR PERSONAL PROP-
ERTY TAX, for your personal property tax IS DEDUCTED FROM YOUR
INCOME TAX.

Your GROSS INCOME is not taxable; it is your NET INCOME, af-
ter certain substantial exemptions have been deducted, that is taxed, and
in almost every instance in which the taxpayer has been paying taxes
upon the full amount of his personal property, it will be found that the
income tax adds little or nothing to the total of his taxes, barring only
cases in which a man of small property has been drawing a big income
from a comparatively small investment.

The rate of interest under the income tax is one per cent for the first
\$1,000, one and a quarter per cent for the second \$1,000, one and one-
half per cent for the third \$1,000, one and three-fourths per cent for the
fourth \$1,000, two per cent for the fifth \$1,000, two and one-half per
cent for the sixth \$1,000, three per cent for the seventh \$1,000, three and
one-half per cent for the eighth \$1,000, four per cent for the ninth \$1-
000; four and one-half per cent for the tenth \$1,000, five per cent for the
eleventh \$1,000, five and one-half per cent for the twelfth \$1,000, and
six per cent for all incomes in excess of \$12,000.

In figuring the tax as per the above per centages, note the graduat-
ed scale, and figure the tax on each \$1,000 of income separately, and at
the rate specified. For instance, if your taxable income, after deducting
your exemptions, is \$3,200, you figure as follows:

Interest on first \$1,000 at 1 per cent	\$10.00
Interest on second \$1,000 at 1 1/4 per cent	12.50
Interest on third \$1,000 at 1 3/4 per cent	15.00
Interest on fractional fourth \$1,000 (\$200) at 1 3/4 per cent	4.38
Total	\$41.88

If your receipt for personal taxes amounted to \$38, you present this
receipt together with \$3.88 to the city treasurer, and he will give you a
receipt in full for your income tax.

The following table, prepared by Mr. E. M. Wing, shows the amount
of the tax upon the even figures up to \$15,000, and permits comparison
of these figures with the assessments required to raise similar sums un-
der the present personal property tax law:

The figures in this column are your net income after deduct- ing your exemption of \$800 for a single person, \$1,200 for man and wife, and \$200 each for children or others legally entitled to your support.	The Tax.	The figures in this column show in each case what personal property assessment would be necessary to raise the same amount of tax.
\$1,000	10.00	500
2,000	22.50	1,100
3,000	37.50	1,800
4,000	55.00	2,700
5,000	75.00	3,700
6,000	100.00	5,000
7,000	130.00	6,500
8,000	165.00	8,200
9,000	205.00	10,000
10,000	250.00	12,500
11,000	300.00	15,000
12,000	355.00	18,000
13,000	415.00	21,000
14,000	475.00	24,000
15,000	535.00	27,000

The foregoing table indicates quite clearly that the income
tax does not prove to be a hardship, for in almost every case
a man whose income is one of the amounts given in the table will actual-
ly own personal property to at least the amount given on the same line in
the opposite column under the heading of personal assessments.

The rule by which every citizen may figure his income tax is sim-
ple, and may be given in the following terms:

- (1) Add up your income from all sources.
(a) Note that if you own the house you live in the estimated
annual rent which you could get for it must be added to
your gross income as one of the items thereof.
- (2) If a single person, deduct from this—
Personal exemption \$800.
For each child under 18 years or other person legally support-
ed by you \$200.
- (3) If married (wife and husband both living) deduct—
Personal exemption \$1,200.
For each child under 18 years or other persons legally support-
ed by you \$200.

Subtract the sum of these exemptions from your total income and
figure the tax on the remainder as per the legal rate, following the meth-
od shown in the fifth paragraph of this article.

That gives you the amount of income tax with which you are
chargeable, but if you have paid a personal property tax, this is an addi-
tional offset, and you deduct the amount of the personal tax you have
paid from the income tax which you owe, merely presenting your personal
property tax receipt and the balance, if there remains one, in cash, to
the city treasurer. It will be found that in probably more than one-half
of the cases where men of moderate income appear to owe a small income
tax, the personal tax receipt nearly or entirely wipes it out.

Example No. 1:
Jones, single, has an income of \$1,800, no one dependent upon him,
and pays a personal property tax of \$6.00. His tax will be as follows:
One thousand eight hundred dollars less his personal exemption of
\$800 gives \$1,000 as the basis of taxation. The rate is one per cent, hence
this income tax would be \$10.00. He hands the treasurer his tax receipt
showing he has paid a personal property tax of \$6.00 together with \$4.00
in cash and receives a receipt in full for his income tax.

Example No. 2:
Brown, a married man, with two children under 18 years of age,
has an income of \$1,800 and pays \$6.00 personal taxes. His exemptions
are:
Personal \$1,200
Two children at \$200 each 400
Total \$1,600
His income of \$1,800, less his exemptions of \$1,600, leaves \$200 as
the basis upon which he must be taxed, and this at the rate of one per cent
makes his income tax \$2.00.

But Brown has a receipt for \$6.00 for the personal tax which he has
already paid, which wipes out entirely his income tax. He merely pre-
sents his personal property tax receipt to the city treasurer.

"Recruits"
A little Central American republic
was busily preparing for war, as a
neighboring republic was daily
threatening an invasion of her ter-
ritory; and all available peons were
being picked up and "recruited" in
order that they might learn to fight
and die, if need be, for their beloved
country. A batch of twenty had
just arrived on the scene, and their
leader handed a note to the general
in command of the government sol-
diers, which read as follows:
"Illustrious General—The bearer
of this note will have the honor to
turn over to you twenty volunteers.
Please return the ropes."—Every-

THE CARPET FROM BAGDAD

A New Novel
By Harold
McGrath
Copyright 1911—The Bobbs-Merrill Co.

"Allah is good," he murmured.

He had but one eye in use, the
other was bandaged. In fact, the
face exhibited general indications
of rough warfare, the skin broken
on the bridge of the nose, a freshly
healed cut under the seeing eye, a
long strip of plaster extending
from the ear to the mouth. There
was nothing of the beggar in his
mien. His lean throat was erect,
his chin protrusive, the set of his
shoulders proud and defiant. Or-
dinarily, the few lingering guides
would rudely have told him to be
off about his business; but they
were familiar with all turbans, and
in the peculiar twist of this one,
soiled and ragged though it was,
they recognized some prince from
the eastern deserts. Presently he
strode away, but with a stiffness
which they knew came from long
journeys upon racing-camels.

George dreamed that night of
magic carpets, of sad-eyed maidens,
of fierce Bedouins, of battles in the
desert, of genii swelling terrifically
out of squat bottles. And once he
rose and turned on the lights to
assure himself that the old Yhior-
des was not a part of these vivid
dreams.

He was up shortly after dawn, in
white riding-togs, for a final can-
ter to Mena House and return. In two
days more he would be leaving
Egypt behind. Rather glad in one
sense, rather sorry in another.
Where to put the rug was a prob-
lem. He might carry it in his
steamer-roller; it would be handier
than in the bottom of his trunk,
stored away in the ship's hold.
Besides, his experience had
taught him that steamer-rolls were
only indifferently inspected. You
will observe that the luster of his
ideals was already dimming. He
reasoned that inasmuch as he was
bound to smuggle and lie, it might
be well to plan something artifi-
cially. He wished now that he was
going to spend Christmas in Cairo;
but it was too late to change his
booking without serious loss of
time and money.

He had a light breakfast on the
veranda of the Mena House, climb-
ed up to the desert, bantered the
donkey-boys, amused himself by
watching the descent of some Ger-
man tourists who had climbed the
big pyramid before dawn to witness
the sunrise, and threw pennies to
the horde of blind beggars who in-
stantly swarmed about him and de-
manded, in the name of Allah, a
competence for the rest of their
days. He finally escaped them by
fotting it down the incline to the
hotel gardens, where his horse was
waiting.

It was long after nine when he
slid from the saddle at the side en-
trance of the Semiramis. He was on
his way to the bureau for his key,
when an exquisitely gloved hand
lightly touched his arm.

"Don't you remember me, Mr.
Jones?" said a voice of vocal honey.
George did. In his confusion he
dropped his pith-helmet, and in
stooping to pick it up, bumped into
the porter who had rushed to his
aid. Remember her! Would he
ever forget her? He never thought
of her without dubbing himself an
outrageous ass. He straightened,
his cheeks aflame; blushing was an-
other of those uncontrollable asin-
inities of his. It was really she,
come out of a past he had hoped to
be eternally inescapant; the droll,
witty woman, to whom in one mad
moment of liberality and Galahad-
ism he had loaned without security
one hundred and fifty pounds at
the roulette tables in Monte Carlo;
she, for whom he had always
blushed when he recalled how easily
she had mulcted him! And here she
was, serene, lovely as ever, un-
changed.

"My dear," said the stranger
(George couldn't recall by what
name he had known her); "my

Driving Away Wrinkles and Double Chin

(Table Talk)

There is no longer any need of
a clever woman resigning herself
to a wrinkled face, double chin
and enlarged pores. Nor does she
try the numerous and varied cold
creams, lotions or powders on the
market. What she does do is to
get of her druggist an ounce and
a half of thermized jelly, rub-
bing half a teaspoonful into her
skin until it is absorbed and then
bathing her face with cold water.
This home remedy is as simple as
it is effective. The skin immedi-
ately feels taut and refreshed—the
flesh firm and compact, and arms,
neck and shoulders as well as
face grow younger and pret-
tier every day. If a mucky com-
plexion is bothering you, too, it
is a comfort to know you can slip
out to the drug store and get an
ounce and a half of old-fashion-
ed coaleated balsam, and that by
applying it at night a wonderful
change will take place, the old
dead particles which cover your
real complexion will disappear
and your cheeks will become as
soft and fine as they were in girl-
hood.

Beauty of Hair and Skin Destroyed

(Dr. de Werthe in The Graphic.)
"Washing the head makes the hair
brittle, splits it, and causes streaky
color. Dry shampooing with therox
keeps the hair fluffy, clean and
bright. Put a cupful of cornmeal in
a fruit jar, add an original package
of therox, and shake well. Sprinkle a
spoonful on the head and brush
through the hair once a week. This
treatment makes hair grow long and
abundant.
"Fine complexions are destroyed
by powders that clog the pores and
greasy creams that darken the skin.
A genuine complexion beautifier can
be made at home by dissolving an
original package of mayatone in half
a pint of witch-hazel. Gently rub this
solution over face, neck and arms
in the morning and it will 'hold' all
day. It will not rub off or show like
powder and makes the skin soft, sat-
iny and pliable.
"If you have chaps or cold sores
or rough, red skin, apply Mother's
Salve. It is antiseptic and healing,
and is a splendid remedy for pim-
ples, eczema, sores and skin afflic-
tions."

SANITARIUM PLAN TO BE DISCUSSED

Mass Meeting Will Be Held in City Hall Tomorrow Afternoon; Dearholt to Speak

WILL SOUND SENTIMENT

Anti-Tuberculosis Society May Take Part in Campaign Here Before Election

A public meeting will be held in the city hall at 4 o'clock tomorrow afternoon for the purpose of arousing interest and sounding the public sentiment in regard to the establishment of a tuberculosis sanitarium in La Crosse county. Dr. H. E. Dearholt, executive secretary of the Wisconsin Anti-Tuberculosis association, will deliver an address. The amount of interest shown will have a great influence upon Dr. Dearholt in deciding what part the state association will take in the coming election, upon which the fate of the proposed sanitarium depends.

As the result of an active campaign waged by Miss Edythe L. M. Tate, field worker for the state association, in La Crosse last fall, much interest was aroused over the project among the business men of this city.

Left to Referendum
At the November meeting of the county board it was voted to put the proposition of voting the \$10,000 necessary for the establishment of the institution before the people at the spring election in a referendum vote. The board did not feel like assuming the responsibility of the expense without first learning the sentiment of the public.

Dr. Dearholt will confer with as many of the business men of the city as he will be able to reach before the meeting is called. The meeting has been arranged by the Permanent committee on tuberculosis and it is expected that large crowd will attend.

Medical Society Favors Plan
The La Crosse County Medical society recently went on record as favoring the project and voted to use every means of furthering the establishment of the sanitarium at the earliest possible time.

Every member of the permanent committee and every citizen who is interested in the waging of an effective campaign against tuberculosis is urged to be present at the meeting tomorrow afternoon.

JACK LITTLE TO TOUR THE WEST

After Match with Young Miller Here Tomorrow Night, He Will Go to Utah

After his match with Jack Little Friday evening, Young Miller, the middleweight wrestler of St. Paul, will start on a tour of the west during which trip he will meet several good men. He will go as far west as Salt Lake City, where he is scheduled for a match.

Tonight Miller meets William Lindsey, middleweight champion of Neillville, when a good match is looked for. Lindsey is a protege of Fred Beell, with whom he worked for some time.

The last of next week he has a match scheduled with Sailor Jack of Duluth for a side bet of \$500. A special train is to be run from St. Paul to Duluth in order to allow the fans of that city a chance to see the bout. This will be the first match of the western tour and Miller expects to establish a good record on his trip. La Crosse fans will have an opportunity to see Miller wrestle when he meets Jack Little here Friday night.

Rheumatism Advice

Prominent Doctor's Best Prescription Easily Mixed at Home

"From your druggist get one ounce of Toris compound (in original sealed package) and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bed-time." This is said to be the quickest and best remedy known to the medical profession for rheumatism and backache. Good results come after the first dose. If your druggist does not have Toris compound in stock he will get it for you in a few hours from his wholesale house. Don't be influenced by take a patent medicine instead of this. Insist on having the genuine Toris compound in the original one ounce, sealed, yellow package. Hundreds of the worst cases were cured here by this prescription last winter.

TWO TRAINMEN HURT ON ENGINE

Hurley Taken to Hospital in Milwaukee; Kolefskey Injures Foot in Jump

Richard J. Hurley, aged 43, 1208 Caledonia street, engineer, and William Kolefskey, aged 32, 1408 Jackson street, fireman, received injuries when a drive wheel on the engine on C. M. & St. P. passenger No. 58 broke at Elm Grove, Wis., near Milwaukee, and caused the train to come to a sudden stop. Hurley's injuries were such that he had to be taken to a Milwaukee hospital, while Kolefskey, the fireman, jumped and hurt his foot.

The accident happened about 10 o'clock last night and the train was going at about thirty miles an hour. When the drive wheel broke the train was forced to come to a sudden stop and although the passengers were shaken up none were hurt.

No. 68 is the train which runs between St. Paul and Milwaukee and it is due to arrive in La Crosse at 6:28 p. m.

BILIOUSNESS, SALLOW SKIN, HEADACHE, SLUGGISH BOWELS---TAKE CASCARETS

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember, that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle cleansing occasionally. Children love to take Cascarets, because they taste good and never gripe or sicken.

NORMAL CHORUS SHOWING TALENT

Rehearsals for Cantata Under Leadership of Miss Oltman Predict Success

In preparation for the presentation of Rossini's "Stabat Mater," a cantata, the Normal school chorus of three hundred voices is holding daily rehearsals during the chapel period in the morning under the direction of Miss Harriet B. Oltman, supervisor of music. The students are working hard on Rossini's masterpiece which is no doubt much more difficult than Gail's "Holy City" so successfully given last year. Many persons have expressed surprise that a chorus of so many untrained voices should undertake such an ambitious project but herein lies the value of skillful leadership and the way that Miss Oltman has gotten the different parts to sing together and with the proper shading is certainly surprising and reflects great credit upon her. Soloists have been engaged and their names will soon be made public.

As in the past the "social hour" will be an event twice each month and consists of an informal gathering of the students for getting together generally and promoting good fellowship. Some organization of the school has charge of the "social hour" each time and prepares a program with which to entertain the other students. These gatherings foster a wholesome democratic spirit among the young men and women, a spirit which is lacking in so many present-day educational institutions. A very complete two year college course is offered now, the science department being unusually well equipped. College chemistry under Dr. Bernhard is being taken advantage of by a dozen students and college zoology is offered under Prof. Bret-nall. The zoological laboratory has specimens of invertebrate and vertebrate animals from all parts of the world and forms one of the most interesting courses offered at the Normal school.

Doctor's Best Formula

Breaks Severe Cold in a Day and Cures Any Curable Cough

This has been published here for several winters and has proven the quickest and most reliable formula obtainable for coughs and colds. "From your druggist get two ounces of Glycerine and half an ounce Concentrated Pine compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake it well and take one to two teaspoonfuls after each meal and at bed time. Smaller doses to children according to age. Be sure to get only the genuine (Globe) Concentrated Pine. Each half ounce bottle comes in a sealed tin screw-top case. Any druggist has it on hand or will quickly get it from his wholesale house. Don't experiment with preparations because of cheapness. It don't pay to fool with a bad cold.

GRANDMOTHERS
USE SAGE TEA
 To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Get a 50 cent bottle from your druggist today. He will give you money back if you are not satisfied after a fair trial.

WINONA IS ANGRY
OVER CAR SERVICE

WINONA, Minn., Feb. 7.—The city council last evening, as a result of complaint relative to the poor street car service in this city, called upon the city attorney to draft an ordinance ready for perusal at the next meeting, requiring all street cars while in service to be suitably heated and kept in operation on schedule. Mayor J. R. Schroth declared he had been swamped with complaints relative to the poor service.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

MAKES COLDS OR GRIPPE VANISH

Surely Breaks the most severe cold and ends Grippe misery in just a few hours

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

COLLEGE MEN ARE EXPERTS—VAN HISE

MADISON, Wis., Feb. 7.—"I do not for a moment doubt, notwithstanding the unjustifiable attack, that the regents of the university will never waver in their purpose to have the university lend a hand to the state in any way that the proper authorities request."

This in substance is the answer of President Charles R. Van Hise to the charge of State Supt. C. P. Cary that the University of Wisconsin is exerting too powerful an influence in the administration of the state government. The executive writes his views in the Wisconsin Journal of Education for February under the title, "The University and the State Superintendent."

"Is it not a strange spectacle," asks the president, "that the superintendent of public schools of a state, who should be not only the chief expert in education in the state, but a profound believer in science as applied to life, should take a stand against the use of experts in advancing humanity?"

I shall not make any suggestions as to his motives, but I ask the teachers of the state to consider for themselves this aspect of the matter."

THE DOCTOR'S QUESTION
 Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Relaxall Orderlies are a positive, pleasant, and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Relaxall Orderlies are eaten like candy, they act quietly, and aid in producing a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea, or other annoying effects. They are especially good for children, weak persons, or old folks. Three sizes, 10c., 25c., and 50c. Sold only at our store—The Rexall Store. O. T. Erhart.

MANY ARE AFTER GARY'S POSITION

Agitation Started to Replace Superintendent of Public Instruction; Letter the Cause

MADISON, Wis., Feb. 7.—Although the election of the state superintendent of public instruction does not occur until April, 1913, candidates are being suggested now to succeed C. P. Cary. This agitation is probably precipitated by Superintendent Cary's letters on the state university which have been widely published. The names of Superintendent Carroll G. Pearce of the Milwaukee public schools and President Charles McKenny of the Milwaukee normal school have been mentioned as probable candidates, and M. A. Bussewitz of the Milwaukee normal, William Kittle, secretary of the state board of normal regents, Superintendent J. T. Hooper of the state school for the blind, and others have been suggested. The name of Herbert Quick is not considered seriously in this connection. It is not recorded in the membership lists of the Wisconsin Teachers' association.

ELECT OFFICERS TO FAIR BOARD

MADISON, Wis., Feb. 7.—James A. McKenzie, Portage, was yesterday elected secretary of the state board of agriculture, succeeding R. W. Rowlands of Waukesha.

Oliver G. Rewey of Rewey, Wis., was elected president, succeeding Charles L. Hill of Rosendale.

J. J. Nelson, Amherst, was elected vice-president and C. L. Hill, of Rosendale, Grant U. Fischer, Janesville and C. H. Everett, Racine, were elected as the executive committee.

The following superintendents of departments were chosen: Gates, F. L. Clemens, Janesville; grand stand, C. H. Everett, Racine; horses, Geo. McKerron, Pewaukee; cattle, C. L. Hill, Rosendale; sheep, Ira M. J. Chryst, Hudson; swine, George Wyle, Morrisonville; privileges, O. G. Roessler, Jefferson; speed, A. W. Prehn, Wausau; forage, C. T. Fisher, Wauwatosa; promotion and publicity, William MacLaren, Milwaukee.

A resolution of condolence over the death of R. E. Roberts of Racine, who was superintendent of sheep, was voted and will be sent to Mrs. Roberts.

BURGLAR HIDES IN POLICE STATION

FOND DU LAC, Wis., Feb. 7.—Wanted on a charge of burglary, in which he is alleged to have taken jewelry worth over \$100, Charles King, believed by the police to be an expert thief and possibly a former convict, got himself booked at the police station as a destitute, naturally presuming that it was the safest place in town in which to avert suspicion and baffle pursuit.

The ruse nearly worked, too, for the police searched the city and the authorities of Oshkosh and Neenah were notified, while the perpetrator of the robbery sat in one of the station corridors placidly smoking a cigarette and awaiting the time when

JUNIOR PROM TO OPEN TOMORROW

MADISON, Wis., Feb. 7.—The annual junior promenade, the big social event of the college year, is occupying the bulk of attention at the University of Wisconsin this week. House parties of the various fraternities will begin Thursday noon and last until Sunday noon. About two hundred and seventy-five couples will attend and special trains are being run from Chicago and Milwaukee to accommodate the "prom" guests, most of whom come from out-of-town.

BUFFALO, N. Y., Feb. 7.—Former Justice Truman B. White of the supreme court, who retired a year ago, died today following an operation for gallstones.

The Quick-Acting Cold Remedy

To make a hard cold vanish more quickly than you ever thought it could, try a box of Pinex Cold Tablets. Two doses give wonderful relief, and the trouble is usually conquered inside of twenty hours. Unequaled for la grippe—no other remedy will stop the aches and pains so rapidly.

These tablets do not contain a particle of opiates or coal tar heart depressants, and are entirely simple, harmless and agreeable. They check the nasal discharge, reduce the fever, restore normal activity in the pores, and are very pleasantly laxative and tonic. Cost no more than quinine capsules and are immensely superior.

Don't accept a substitute—one trial of this quick-acting remedy will show you that there is nothing else "just as good" as Pinex Cold Tablets. Money refunded if disappointed. 25c per box. If necessary, send to The Pinex Co., Fort Wayne, Ind., (makers of "Pinex" Cough Remedy).

LA CROSSE TO PLAY AT ALMA FRIDAY

The local Y. M. C. A. basketball team will play the Alma, Wis., quintet at Alma Friday evening in a game which gives every indication of being an interesting contest. As the locals have lost but one game this season they are confident that they can beat Alma although they realize that they will have to put up a great battle in order to do it. The Alma team has been playing a great game this year as their record shows so a close game is expected.

HAWLEY WILL CAN NOT BE LOCATED

NEW YORK, Feb. 7.—With a fortune variously estimated at from \$40,000,000 to \$50,000,000 awaiting disposition, the attorneys and closest friends of the late Edwin Hawley, the bachelor railroad king, were anxiously searching for a will. It was known that some four years ago, the financier had the document drawn but so far no trace of it has been found.

COMMITTEES MEET
A meeting of the finance and judiciary committee of the city council was called at the mayor's office at 2:30 o'clock this afternoon for the purpose of acting on tax protests.

RELATIVES' WANT RELIEVED

Large Sum Raised in England and U. S. Is Turned Over to Five Poor Granddaughters

LONDON, Feb. 7.—With the specter of want driven from their door by contributions of the English-speaking people, the five granddaughters of Charles Dickens, the immortal author, today expressed through the United Press their sincere gratitude for aid extended to them by Americans.

Today is the hundredth anniversary of old "Boz's" birth and his eldest granddaughter, Miss Ethel Dickens prepared the following message to Americans:

(By Miss Ethel Dickens.)
(Copyrighted, 1912, by the United Press.)

On behalf of my sisters, Mary, Cecil, Dorothy and Evelyn and myself, I wish to express to the American people my heartfelt thanks for their generous subscriptions to the centenary fund. I hope that they understand that we accept it, not as charity, for there are so many other deserving cases, but rather as the payment of a debt which the Anglo-Saxons feel they owe to grandfather for his deathless contributions to literature.

Dickens Died Poor
The value of grandfather's works was not fully realized during his life, and because there was no way of protecting his writings from unscrupulous publishers, he was never adequately remunerated. It was one of his fondest hopes that he might realize enough from his pen to leave a generous fortune to his descendants, but he failed. He worked night and day and the result everyone knows.

When the Dickens centenary committee called on us, and asked for some suggestions regarding a fitting memorial to grandfather, we felt that we were justified in telling our condition. The members of the committee were deeply touched. The instantaneous responses both from England and America brought tears of gratitude to our eyes many times. I understand they have raised \$35,000 in England and America's contribution is now \$8,500. That will supply all the money we will require for our needs.

Won't Stop Work
I do not intend to give up work. Neither will two of my sisters. Of course the other two are in such poor health that they will probably never be able to do anything towards supporting themselves again. Twenty years ago I started my typewriting bureau. I had no funds and it has been a hard battle. It was only through overwork that I was able to make a bare living. My sisters, too, have earned their own living by teaching and clerking. We are all pretty much worn out by the long struggle. But we hope soon to arrange for a much needed rest. Life certainly seems much brighter now.

More Money Needed
NEW YORK, Feb. 7.—Joseph H. Choate, chairman, and Clarence H. Mackay, treasurer of the American Dickens fund, said today that the fund raised for the Dickens family in this country now amounts to \$8,500. They said that, while appreciative of the statement given by Miss Dickens to the United Press, they hoped it would not be construed that enough funds to care for the family had been secured. It was the hope of the committee, they said, that at least as much money would be raised in America as in England. The main centennial meeting here will be held in Carnegie hall tonight.

CAHAK FUNERAL TODAY

Many friends and relatives paid their last tribute to the memory of Mrs. Eva Cahak, whose funeral was held this morning from the residence, 1523 South Seventh street, at 8:30 o'clock, and from the St. Wenceslaus church at 9 o'clock. Rev. X. Till officiated at the services. Burial was made in the Catholic cemetery.

Judge Refuses To Hear Tipping Row

CHICAGO, Feb. 7.—Two men who have made "a barrel of money" are today vainly trying to divide it. They cannot agree, and since it was learned that their profits were made from an exploitation of the "tipping evil" they have appealed in vain from one court to another for adjudication of their differences.

"Tipping is such a vicious and un-American institution," that, like gambling, no contract or agreement made with regard to its practice will be adjudicated in this court," With this statement Judge Theodore Brentano ordered Jacques Roussou and Bernard Neuberger out of his presence when he learned the nature of their litigation. Roussou sought an injunction to prevent a division of the spoils secured by the two from tips collected in the coat room of a local hotel. When the court was informed that they paid for the privilege of operating the coat room and dressed their employees in pocketless uniforms so they could withhold no tips, he refused to hear the case.

BIDS POSTPONED ON WELL WORK

Law Providing for Sanitary Inspection Will Delay the Work, Says Day

That the work on the installation of the new well system will be delayed from two to four weeks owing to the law requiring a sanitary inspection of the water supply previous to the letting of contracts, is the assertion today of James Day, president of the board of public works.

Mr. Day said that this will cause a postponement in the letting of bids for the sinking of the wells which were to have been let tomorrow.

"I think we should have been notified of this law at least two weeks ago and the plans and specifications should have been submitted to the railroad commission at least a week ago," said Mr. Day.

"Instead of that we have been permitted to go ahead and advertise for bids without receiving any intimation of the possibility of the work being delayed.

"We have three typewritten copies of the plans and specifications which have been in the office of the board of public works for the last ten days, a copy of which could have been sent to the railroad commission and thus have saved a great deal of the delay. Although these lacked one of two minor details, they were sufficient for the purpose and it was not necessary to wait for a printed copy."

DEFINITE WORD THAT HE WILL RUN EXPECTED

(Continued from Page 1)

claration is due to the stand of La Follette, who insists that he will follow no leadership which is not pledged to the big progressive platform plank. It is known that the progressive leaders have been flatly told by La Follette that he will continue his fight to have the republican convention make its platform ultra-progressive. His friends say that despite illness the senator will refuse positively to withdraw either his candidacy or his struggle for the progressive principles. He is known to be prepared if necessary to take the floor of the convention and fight for his plans.

Roosevelt Meet Saturday
CHICAGO, Feb. 7.—A crystallization of sentiment is expected to take place at the national Roosevelt conference here Saturday which, according to the local Roosevelt managers, will result in the launching of a full fledged campaign for the nomination of Roosevelt for the presidency.

Edwin W. Sims, secretary of the national Roosevelt committee, today declared that all preparations have been made by his organization and the campaign will be conducted along the same lines as though the colonel were an avowed candidate if those who participate in the canvass believed the demand is sufficiently strong.

Asked what steps will be taken to bring the La Follette organization into line for Roosevelt, Sims said: "We are not trying to coerce anyone. That's the difference between our campaign and the usual machine method. We have had many messages from La Follette sympathizers advising us that if La Follette is out of the race their strength will go to Roosevelt. We believe that practically all the friends of La Follette will flock to the Roosevelt banner when our campaign gets under way."

THREE CHILDREN DIE IN GAS EXPLOSION

KENYON, Minn., Feb. 7.—Three children were killed and two seriously injured late last night when a gas generator exploded in the home of John W. Hildebrandt, a farmer living seven miles from here. The dead are:

Alma Hildebrandt, 7.
Lyla Hildebrandt, 14.
Dewey Hildebrandt, 17.

The parents were absent at the time of the accident, the four children being in charge of Lyla. Neighbors were quickly summoned, but the flames had spread so rapidly that it was barely possible to recover the injured victims and the bodies of the dead.

JUDGMENT AGAINST JOHNSON

LONDON, Feb. 7.—The next time Jack Johnson, the heavyweight champion, goes to English territory, he will have to pay a judgment of \$7,500 for failing to observe a contract. A verdict was rendered here today against him in favor of Frank McNaughton, the vaudeville manager. Johnson had signed for a tour under McNaughton's management and after filling some of the engagements refused to continue.

CHURCHILL TO BELFAST

LONDON, Feb. 7.—Winston Churchill, first lord of the admiralty, left today for Belfast where he will address the big home rule meeting. At the last moment it was decided not to permit his mother to accompany him. She is well advanced in years and it was feared the excitement which is expected to attend the meeting, would prove too much for her. She had planned to go and had announced she would see her son through the affair.

FIVE HURT IN WRECK

RICHMOND, Ind., Feb. 7.—Five trainmen were injured near here today when two freight trains on the Chesapeake & Ohio railroad crashed head-on. One of the injured, J. M. Bruce, of Peru, Ind., is expected to die.

SCHUBERT BEAT THE BOARD TO IT

(Continued from Page 1)

The State Board of Health shall examine such plans and specifications for the proposed water system and the sanitary and hygienic features thereof; and no such system shall be installed or put into operation until the State Board of Health shall issue its certificate that such proposed system shall not be in any respect unsanitary or dangerous to the public health.

What They Fear

It is understood that members of the local board of health think an investigation such as is legally required will have to deal with grave questions affecting the permanency of the purity of a water supply drawn from lands that overflow and having no clay subsoil to prevent seepage; under conditions in which, in addition to seepage, there may be the possibility of contamination by reason of driven well pipes rusting off below the surface, or of high water reaching above the tops of the well pipes.

TWO CITIES REJECT COMMISSION PLAN

MILWAUKEE, Wis., Feb. 7.—Commission form of municipal government election held in three Wisconsin cities Tuesday resulted in two cities rejecting the commission. Waukesha and Ashland, but Rice Lake accepted according to complete return reports received here today. Voters of Waukesha defeated the plan by a majority of 550 votes. Of 834 votes cast at Ashland 600 were against. Rice Lake ruled a majority of 286 in accepting the plan.

CHICAGO STREET CAR MEN MAY STRIKE

CHICAGO, Feb. 7.—An ultimatum was served upon the Chicago Railways company yesterday which threatens an immediate strike of every employee in the operating department of the street car lines on the north and west sides unless General Superintendent James B. Hogarth is dismissed.

BERGER WANTS STRIKE PROBE

WASHINGTON, Feb. 7.—Declaring that the woolen mill strikers at Lawrence have been goaded into revolt by long oppression and abuse by reduction of already meager wages, Berger (Soc., Wis.) today introduced a resolution in the house providing a committee of seven members to investigate the strike.

YEGGS MAKE BIG HAUL

CHICAGO, Feb. 7.—Yeggs men made a thousand dollar haul when they blew the safe of the Kidder & Lewis drug store here early today and escaped with \$300 in cash and several hundred dollars worth diamonds and jewelry.

There are watches that tell false stories hour by hour and day by day—veritable mischief-makers that upset plans and cause loss and worry.

OFFICERS ACCUSED OF CROOKEDNESS

Agricultural Department Accused of Suppressing Reports on Everglades Land;

WASHINGTON, Feb. 7.—Another investigation of the department of agriculture involving orders of Secretary Wilson and Solicitor McCabe, similar in many respects to the recently concluded McCabe-Wiley controversy, but which embraces charges of suppressed reports and influence of land speculators over government officials, is to be instituted by the house committee on expenditures in the agricultural department.

Circumstances, smoldering for months, relating to exploitation of Florida Everglade lands, millions of acres of which have been sold throughout the country by syndicates in the past few years, burst into a flame before the committee yesterday, following the summary dismissal from the government service by Secretary Wilson last Saturday of C. G. Elliott, chief engineer of the drainage division of the department, and Assistant Engineer A. D. Morehouse, and the suspension of F. E. Singleton, an accountant, on a technical charge of transference of public funds.

SACRED HEART BEATS THE NORMAL SCHOOL

A great rally during the latter part of the second half when they did most of their scoring enabled the Sacred Heart college basketball team of Prairie du Chien to defeat the local normal school quintet by a score of 40 to 18 at Prairie du Chien last night after the La Crosse boys had been in the lead for a long time.

The Sacred Heart college team, which is an excellent quintet, was beaten by the locals in the first half by the score of 13 to 10 and the normal school maintained their advantage during the first few minutes of the second half. La Crosse put up a great game during this time when they outplayed their opponents who outweighed them by twenty pounds to the man.

However, about the middle of the second half the college quintet tied the score and then went into the lead after which they were invincible. One of the features of the game was the play of the Sacred Heart college center who made a field goal from the center of the floor when the ball was thrown up at center. Dahl and Byers starred for the normal school.

FITZPATRICK NEAR DEATH IN GEORGIA

After riding over 1,400 miles on his motorcycle through the southern winter resorts in Florida without an accident, W. J. Fitzpatrick, local photographer, had a close escape from death or serious injury February 2 when his machine plunged over an 18 foot embankment near Fitzgerald, Ga. He escaped with minor cuts and bruises. The accident forced Mr. Fitzpatrick to cut short his tour of the south, which he was intending to continue until April. At the time of the accident Mr. Fitzpatrick was en route from Florida to Texas to visit relatives. The machine was a total wreck.

RECOMMEND SIGNS FOR STREET CORNERS

Every street corner in the city is to be provided with a sign post on which shall be printed the name of the street, according to the decision of the finance and streets and alleys committee of the common council which last night decided to recommend to the council that 300 of these posts be purchased and that the contract be let to the Smith Manufacturing company at a rate of \$1.20 per post. This action followed a recommendation by the board of public works and a resolution introduced some time ago that a sign post be placed on every corner in the city.

NEBRASKA GOVERNOR FOR ROOSEVELT

LINCOLN, Neb., Feb. 7.—Governor Chester L. Aldrich, believing that Senator La Follette will be physically unable to prosecute his campaign, declared today for Col. Roosevelt as the candidate of republican progressives for the presidency. In a formal statement the governor said:

"Events have been marching mightily fast of late; scattering forces are rapidly getting into solid phalanxes; issues are becoming joined.

"In my judgment the sentiment is rapidly crystallizing around our ex-president, Theodore Roosevelt."

IRVINE TO HOT SPRINGS

W. T. Irvine has left for Hot Springs, Ark., where he will spend six or eight weeks for the improvement of his health. Following this he will make an extensive trip through the southern states and will visit most of the large cities in that section of the country. He will be joined at Hot Springs by his son, Eastman Irvine.

HAZZARD WOMAN SENTENCED

PORT ORCHARD, Wash., Feb. 7.—Mrs. Linda Burfield Hazzard, who was convicted of manslaughter in having starved to death Miss Claire Williamson, a rich English girl, at her "starvation sanitarium" here, today was sentenced to serve an indeterminate sentence of from two to twenty years in the state penitentiary.

COMMITTEE PLANS A "SANE FOURTH"

Will Introduce Ordinance Abolishing Use and Sale of All Kinds of Fireworks

Another move is on foot to establish a "sane Fourth of July" in La Crosse. At a meeting of the committee on fire, judiciary and finance held at the city hall last night it was decided to recommend the passage of an ordinance abolishing the sale and use of all kinds of fireworks in the city at all times.

The proposed ordinance, if adopted by the city council, will eliminate all kinds of fireworks used in the celebration of the Fourth, including Roman candles, sky rockets and fire crackers.

Ordinance Disobeyed
According to Alderman Mahoney, an ordinance was passed several years ago which prohibited the use of any kind of explosives except by special permit from the mayor.

A later ordinance provided that no fire crackers of over five inches in length should be used within the city limits and a provision of this ordinance declared all previous ordinances which conflicted with the provision of this ordinance were abolished.

Mr. Mahoney declares that the entire abolishment of fireworks did not conflict with the ordinance limiting the size of fireworks and was therefore not abolished. He asserts that it is still in force and that although it has been disregarded for years, no new ordinance is necessary, but that the old ordinance should be enforced.

The report of the committee will be submitted to the city council at the next meeting when action will be taken.

WESTERN LEAGUE MAGNATES MEET

CHICAGO, Feb. 7.—Magnates of the Western league gathered at Comiskey park here today for their annual schedule meeting. Since late yesterday numerous conferences have been in progress at which all sorts of baseball "medicine" was mixed. Frank Isbell, formerly of the White Sox and now owner of the Des Moines franchise, held a secret session with Manager Callahan of the Comiskey aggregation, as a result of which Issey expects to pick up a bunch of promising material from the south side cast offs. Callahan has rounded up a big bunch of recruits and he will have to drop at least ten players before May 1. It is likely Western league magnates will get most of these players.

SAYS KILLED FATHER TO PROTECT FAMILY

CLEVELAND, Ohio, Feb. 7.—That he shot and killed his father in the defense of his mother, sister and himself, was the plea of James Hurst, Jr., 23, when arraigned in court today on a charge of murder. At the inquest, Mrs. James Hurst, Sr., and Miss Hettie Hurst, her daughter, will tell a story of abuse and the police say of threats against their lives, at the hands of the husband and father, James Hurst, a ship builder. Hurst, Jr., went to the police station and surrendered himself after he had shot and killed his father in their home early today.

MORSE TO ASK FOR CITIZENSHIP

ATLANTA, Ga., Feb. 7.—Recovered sufficiently that his physicians now believe he may live for years, Charles W. Morse is today planning to ask either President Taft or congress to remove the felon's stigma. Commutation did not carry with it a restoration of citizenship. Only by a pardon or a special act of congress can the ex-convict obtain this. Morse's friends plan to ask congressional aid.

MILLER FUNERAL FRIDAY

The funeral of John Miller, who died Monday evening, will be held from the residence, 1412 Pine street, Friday afternoon at 2:30 o'clock. Rev. J. Gamm will officiate at the services. Interment will be made in Oak Grove cemetery.

DIVORCED; WOULD BE WIFE AGAIN

Former Wife of William Guggenheim Wants Divorce Annulled; Would Be His Wife Again

BOTH HAVE MARRIED SINCE

Guggenheim and Wife have Both Been Wed Since Divorce; Guggenheim Fights

CHICAGO, Feb. 7.—All plans were completed for what is expected to prove one of the most sensational divorce court hearings in many years when Judge Windes in the circuit court here announced at noon that later in the day he would hear the arguments on the application of Mrs. Grace Brown Guggenheim Wahl to have her decree of divorce from Mr. William Guggenheim, multi-millionaire member of the Smelter trust family, set aside.

Mrs. Guggenheim-Wahl's petition asserts that the decree granted her by Judge Dunne in 1901 is illegal and void because she was not a resident of this state when the case was tried, was not competent to sue and that the court had no jurisdiction.

Both Remarried

Although Mrs. Guggenheim remarried after her divorce and her former husband also took another wife, she asserts that she is still the rightful wife of the smelter magnate. Should her petition be granted the most unusual legal complications will result, involving also Guggenheim's child by his second marriage.

Guggenheim's answer to the petition alleges that his former wife is entitled to no consideration from the court on the ground that she is stopped from asserting any claims she may have on the ground of neglect. It is charged that, knowing the facts which she now sets forth, she used the money paid to her as alimony and permitted the defendant to marry a second time without protest.

Judge Edward F. Dunne, Mrs. Guggenheim-Wahl's principal attorney, is the jurist who granted her the divorce decree.

PRETTY WEDDING AT THE NEUVERTH HOME

A pretty wedding took place Tuesday, Feb. 6th at the home of the bride at 1206 South Seventh street, when Mr. J. Nickola and Miss Alvina Neuverth were united. The ceremony was performed by Rev. X. Thill at the St. Wenceslaus church on Winnebago street. The church was decorated with greens and flowers. Afterward a breakfast was served at the home, which was decorated with palms, ferns, smilax and cut flowers. Being a quiet affair only sisters, brothers and near relatives were invited.

The young couple will reside at Chicago where Mr. Nickola is employed as draftsman for some large concern. They received many beautiful presents.

DAHL CONFERS WITH LA CROSSE FRIENDS

State Treasurer A. H. Dahl, who will become a candidate for the nomination for congress in the Seventh district on the republican ticket, stopped off in La Crosse today on his way from Westby to Madison. Mr. Dahl is making preparations for his campaign. He conferred with several of the leading progressives while in La Crosse today.

TAFT'S SISTER-IN-LAW BECOMES CATHOLIC

NEW YORK, Feb. 7.—The most noted convert to Roman Catholicism Rev. Father Bernard Vaughan, the famous English Jesuit preacher, has secured during his tour of the United States is Mrs. Henry Taft, sister-in-law of the president. It was announced today that she was received into the Catholic church last week by Father Vaughan at St. Ignatius Loyola's church, this city. Mrs. Taft had previously been a high church Episcopalian.

Grain Letter

CHICAGO, Feb. 7.—The buying campaign was renewed in the wheat pit today following the strong advance of the closing hour in yesterday's trading. Prices were firm throughout the day after a jump at the opening. Cable reports were all on the bull side with reports of very light offerings from Russia and Argentina. Liverpool reported a very strong market with prices advancing.

A sharp recovery in corn was also a feature of today's market. Much corn was taken out of the market during the break in prices yesterday and Monday. Offerings were few when a general demand was made by voters today. Continued cold caused a continuation of feeding opera-

tions in the southwest is taken as an important bull argument in corn.

The trade in oats was firm with a tendency to advance prices held in check by extensive offerings of local holders. When a big local commission house started buying there was a run of shorts to cover and prices strengthened.

Provisions had an easy tone with operations confined to small trading.

DANISH MONARCH IS SERIOUSLY ILL

BERLIN, Feb. 7.—Private advices received here this afternoon from Copenhagen stated that King Frederick was in a precarious condition. It was said that the monarch was suffering from pneumonia, despite official statements to the contrary.

Announcement was made today that the court ball, scheduled for next week, has been postponed "because of the indisposition of the king." This statement caused renewal of the fear that the truth about the seriousness of his majesty's illness is being withheld from the people.

STANDARD OIL TO CUT MELON

NEW YORK, Feb. 7.—Stock in the \$4,000,000 Standard Oil company of Indiana, quoted at from \$4,000 to \$4,500 for each share of a par value of \$100, was not obtainable on the curb yesterday at any price. This was due to the announcement that a \$29,000,000 "melon" would be cut on March 7, at the directors' meeting at Whiting, Ind., in the shape of an additional stock issue which would probably be presented to present stockholders, or sold to them at a nominal figure.

POTATOES AND TURKEY ARE PLANKS

INDIANAPOLIS, Ind., Feb. 7.—The potato promises to play an important part in Indianapolis during the coming campaign. Samuel Lewis Shank, mayor of this city, and something more than a receptive candidate for the republican nomination for governor, said that he would make his campaign on a platform in which the cheap potato plank would be a big, broad section of his support. Likewise, the Turkey plank, the Christmas tree plank, and other planks dealing with the high cost of living are to be called to the mayor's aid in his vote getting tours.

LOUISE GUNNING FITS PART
"A real musical treat" is the way the Messrs. Shubert, the managers of the dainty Louise Gunning in the bubbling musical comedy, "The Balkan Princess," refer to the engagement of this comedy, coming to the La Crosse theater, on Thursday night, February 8.

"A musical comedy of joyous youth most fittingly describes "The Balkan Princess." Bubbling over with youthful sentiment and happiness, it charmingly tells the story of the pretty romance between Princess Stephanie of Balaria and Grand Duke Sergius, with which is interwoven counter comedy themes that move with zest.

Its action is so filled with heart interest and its score with melody that none can resist it. Charming is an inadequate word to describe its dainty star, Miss Gunning. She is like a petted child, testing and laughing at the poor dukes through the entire play. A happier selection for the role of the princess would have been hard to make.

The captivating star flits through

the play like a joyous sunbeam amid an overflow of melody that has caught the fancy of music lovers everywhere it has been heard. Such musical gems as "Dear Delightful Women," "The Opera Ball," "Don't Let's Meet Again," "I Love You All," "Stealing," "Wonderful World" and "Dreaming" have swept the continent with their contagion.

"THE GOOSE GIRL"
When Baker & Castle made theatrical history by producing "Graustark," they used as their slogan "Read the book—see the play." Immediately the theaters were deluged with book plays the posters of which all implored the public to "read it and see it." But as in the case of "Unedda" imitators, many of them, after a more or less brief struggle, dropped by the theatrical wayside when "Graustark" marched on triumphant for three seasons and is now in its fourth, still drawing patronage with "read the book—see the play."

When Messrs. Baker & Castle acquired the dramatic rights to Harold MacGrath's delightful novel, "The Goose Girl," they decided the old phrase must remain exclusively "Graustarkian" and for the newer play another must be coined. Mr. Castle, who made the first phrase, invented "A Great Play from a Great Book." Mr. Baker, who made the dramatization modestly suggested that his work might not measure up to the adjective; but Mr. Castle argued that Mr. MacGrath had written a great book—no one can dispute that—the publisher's balance sheet was too convincing a proof. Well, anyone who dramatized the story with sympathy, and as far as the exigencies of the stage would permit faithfully interpreted Mr. MacGrath's novel, must of necessity shine in the reflected glory of this clever novelist. Modesty has no place in the "show business," so the trade mark became "A Great Play from a Great Book." It will be interesting to watch the billboards and see how many "great books" develop into "great plays." But there was only one "Unedda." La Crosse theater Saturday, February 10, matinee and night.

"A FOOL THERE WAS"
(By Rev. J. D. O. Powers.)
I wish it were possible for every thoughtful or unthoughtful young man and woman, for every man and woman of wealth, for every man and woman in a happy home, for those who play with the gigantic forces of evil, for ministers who but play at preaching but rarely touch the vast forces which lie close to their hand for righteousness, might see Robert Hilliard in "A Fool There Was."

The play is a dramatization of a wrecked home and ruined lives and a portrayal of the sinister forces which are daily at work everywhere. It is terrible in its repulsiveness but one feels that the end could not be otherwise than as portrayed by the

author. Certainly, no one could go away without a lifelong picture burned into his very soul, as a hundred sermons could not do it, of the awfulness and the disastrous consequences of evil doing. The play is simply wonderful in the heights and depths it touches with no display of rhetoric and no waste of words.

La Crosse theater Wednesday, February 14.

SOUTH HAVEN LID LOST.

SOUTH HAVEN, Mich., Feb. 7.—That boxing is still the grand old sport as of old is the verdict of the fans here today following the lifting of the lid that has been screwed down tight for ten years. At the bout last night the mayor and city councilmen occupied ringside seats. Tom Doherty of Denver won by a shade over Mickey Foley of Brooklyn in the main event. The boys weighed 133 and put up ten rounds of fast, clever work.

HANDS WOULD CRACK OPEN AND BLEED

Blister Formed, Skin Scaled Off, and Flesh Burned and Itched Dreadfully. Healed by Less Than One Box of Cuticura Soap and One Ointment of Cuticura.

"About two months ago my hands started to crack open and bleed, the skin would scale off, and the good flesh would burn and itch dreadfully. When my hands first started to get sore, there were small blisters like water blisters which formed. They itched dreadfully, it just seemed as though I could tear the skin all off. I would scratch them and the skin would peel off, and the flesh would be all red and crack open and bleed. It worried me very much, as I had never had anything the matter with my skin. I was so afraid I would have to give up my employment.

"I consulted my doctor, and he said he didn't think it would amount to anything. But it kept getting worse. One day I saw a piece in one of the papers about a lady who had the same trouble with her hands. She had used Cuticura Soap and Ointment and was cured. I decided to try them, and my hands were all healed before I had used one cake of Cuticura Soap and one box of Cuticura Ointment. I am truly thankful for the good results from the Cuticura Soap and Ointment, for thanks to them I was cured, and did not have to lose a day from work. I have had no return of the skin trouble." (Signed) Mrs. Mary E. Breig, 2522 Brown Street, Philadelphia, Pa., Jan. 12, 1911.

Cuticura Soap and Ointment are for sale everywhere, but those who wish to try them without charge may do so by sending to Potter Drug & Chem. Corp., Dept. 8A, Boston, for a liberal sample of each, post-free, together with 32-p. book on the skin and scalp.

FLORIDA G. O. P. SPLITS AT MEET

State Convention Battles, and Two Sets of Delegates Are Chosen, for T. R. and Taft

JACKSONVILLE, Fla., Feb. 7.—The fight for control of the Florida republican organization had increased so in bitterness today that it was freely admitted by both sides that there was no hope of reconciliation. The action of Palatka, when the state convention split, with two sets of delegates, one declaring for President Taft's renomination and the other favoring Roosevelt, was unprecedented in Florida, which heretofore has admittedly been the property of the republican administration at Washington.

The leaders of the "bolting convention" said today they were prepared to carry their contest to Chicago. They admit, however, their only hope of securing the seats will be to have the Roosevelt forces get control of the committee on credentials, as the Taft delegates are certain to be placed on the temporary roll by the national committee which makes it up.

Joseph Lee, revenue collector in Jacksonville, as temporary chairman, was responsible for the break. His rulings, the delegates claimed, were invariably against the anti-Taft men and the latter withdrew in a body, organized, elected their own delegates and instructed them for Roosevelt.

STEWART TRAINS HARD

NEW YORK, Feb. 7.—Jim Stewart, the Brooklyn heavyweight, is doing the hardest training of his career for his fight on February 12, with Carl Morris, whom he meets before the Carlyle Athletic club, in Brooklyn. Stewart, who has shown much improvement since his return from Paris, believes that if he can whip Morris, he will be in line for fights with all the other "white hopes," and finally, with Jack Johnson.

THREE CUB SOUTHPAWS.

CHICAGO, Feb. 7.—Frank Chance, it was learned today, will try out three southpaws this spring. They are Harrington, whom he purchased from Louisville, Jimmy Nagel and Leo Dresen.

KILLS TWO AND SELF

CHICAGO, Feb. 7.—Crazed by the suffering of his family for want of food, Daner Dino, a workman formerly employed by the American Cutlery company, shot and fatally wounded the foreman of the factory, and Joseph Uhler, and Superintendent Bastrian and then committed suicide, when he was told there was no work for him after he had been promised a job today.

PETITION FOR GRAND JURY

Whereas, much publicity has been given to certain occurrences in the Y. M. C. A. dormitory, and Whereas, if these published accounts of the actions of certain members of the dormitory are true, it reflects sadly upon the police force of said dormitory, and Whereas, should it be shown that the aforementioned members have trespassed upon the rights, privileges, or desires of others, they should be summarily dealt with, and Whereas, public opinion is such that it appears or the best to investigate all charges and present the findings to the members of the dormitory, therefore be it Resolved, that we as representatives of the legal profession in the Y. M. C. A. dormitory, do hereby petition you to grant the convening of a Grand Jury in the dormitory on or before the 9th day of February, 1912. This Grand Jury to have full power to drag any member of the dormitory before it for examination, and to return indictments against any or all members of the dormitory, should cause be shown.

PETITION JUDGE FOR GRAND JURY

Influential Citizens of Disturbed Community Ask Investigation of the Charges

BRINDLEY TO TAKE ACTION

Mass of Evidence in Hands of Prosecuting Attorney; Many Indictments Expected

A grand jury will be called to investigate the various rumors and charges that have been disturbing the peace and harmony of the citizens of the dormitory community of the Y. M. C. A. A petition requesting this action was presented to Judge John Brindley today. The judge declared that he would give the matter his immediate attention and in accordance with the general demand will call for an investigation in the near future. He is expected to call the grand jury and deliver his charge on or before Friday, February 9. The petition was signed by three of the most influential citizens of the community and was drawn and signed following a mass meeting in the dormitory two weeks ago.

The mass meeting was called to take action toward certain alleged disturbers of the peace of the community and the petition for the grand jury is the latest development in the case.

Layton Gouldin, prosecuting attorney declares that he has evidence enough to indict at least twenty of the Dormitoryfolks. In the meantime, Attorneys Ubbelohde and Hughes who have been retained by the accused, have not allowed the grass to grow to any depth beneath their feet and are busy day and night preparing to defend their clients to the last ditch. It is expected that if indictments are returned and the cases brought to trial some sensational developments will follow.

Among the charges that are being made are: That the common property has been shamefully mistreated and damaged; that certain members did commit desperate assault on other members with intent to do bodily harm; that the rest and peace of mind of the community has been shattered by means of instruments sometimes used by musicians; that in a spirit of unseemly levity certain members did throw ice water upon the persons of other members when they were enjoying the comforts of warm baths; that certain members have caused scandal and stories, which were without foundation in truth, to be circulated to the damage of the character and reputation of their comrades; that some have appropriated more than their rightful share of the common property; that certain members have been keeping suspiciously late hours and have refused to account for the same; and various other charges and complaints.

The petition which was presented to Judge Brindley today is given in full as follows:

PETITION FOR GRAND JURY

Whereas, much publicity has been given to certain occurrences in the Y. M. C. A. dormitory, and Whereas, if these published accounts of the actions of certain members of the dormitory are true, it reflects sadly upon the police force of said dormitory, and Whereas, should it be shown that the aforementioned members have trespassed upon the rights, privileges, or desires of others, they should be summarily dealt with, and Whereas, public opinion is such that it appears or the best to investigate all charges and present the findings to the members of the dormitory, therefore be it Resolved, that we as representatives of the legal profession in the Y. M. C. A. dormitory, do hereby petition you to grant the convening of a Grand Jury in the dormitory on or before the 9th day of February, 1912. This Grand Jury to have full power to drag any member of the dormitory before it for examination, and to return indictments against any or all members of the dormitory, should cause be shown.

U. STUDENT ARRESTED

MILWAUKEE, Wis., Feb. 7.—Donald Connor, aged 22, a son of former Lieut.-Gov. W. D. Connor, of Marshfield, Wis., and a student in journalism in the state university, was arrested by Sheriff Arnold at Madison today on a warrant sworn out by District Attorney Zabel, charging him with illegal parentage on a promise of marriage.

WET FEET CAUSED TROUBLE

Mrs. Coram Couldn't Avoid It, But Friend in Need Promptly Remedied the Mischief Done.

Tampa, Fla.—Mrs. E. C. Coram, of 2905 Highland Avenue, says: "I was very weak and worn out from womanly troubles. My husband bought me two bottles of Cardui to take as a tonic and, from the first day, it seemed to me I felt its good effects. By the time I had used the two bottles, I felt and looked like a new woman.

Some time later, I got my feet wet at the wrong time, and I turned to Cardui to remedy the mischief done. Before I had taken one bottle, it gave me the needed relief.

I gave the rest to a friend, for her daughter, who was suffering with similar troubles, and it cured her.

Cardui has had a most wonderful curative effect upon me. I am now 59 years of age, and feeling well. I constantly praise Cardui to all my sick friends. It is a wonderful remedy."
